Compassionate Support When Life Changes

SHIFT CHANGE BLESSING

We have this posted at the nursing station for staff to read silently or aloud as a group.

Incoming: I enter this house with gratitude for the honour of serving here. Free of expectation, I walk in the inspiring richness of this journey.

Outgoing: With gratitude, I acknowledge the hope that exists in this house. Trusting in the competence and compassion of my co-workers, I take my leave without judgment or regret.
