

OUR COMMITMENT TO OUR HOSPICE CALGARY FAMILY & COMMUNITY:

We Care! Your health and safety are our primary concerns. For now, we are “business as usual” at Rosedale Hospice, Sage Centre, and the Children’s Grief Centre.

We are Caring for our Rosedale Patients & Families! We are working in collaboration with AHS to ensure continuity of care at Rosedale Hospice for our patients and their families and manage the risk of infection. We have a small but mighty team of individuals who are at the ready to help where they can and creatively work together to provide care.

We’re In This Together! If you visit us, use hand-sanitizer immediately upon arrival. Please respect the fact we support immunocompromised people and do not visit our sites if you are unwell, have recently travelled outside of Canada, or if you have been in contact with anyone who has been diagnosed with COVID-19.

We Know Things are Changing! Visit our website and social media channels regularly to get updates on service changes or cancellations.

We Have a Plan! As things evolve, we know there is a possibility our counselling services and group programs might have to be suspended. If that happens, we will be exploring alternative ways to provide support with the help of technology. We are only a call away.

We Can Still Hike for Hospice! Right now, all events with 250+ people in Calgary are cancelled. We don’t know if that will still be the case for our May 3rd Hike for Hospice Calgary. We are actively planning a “Virtual Hike Through Calgary” if we are not able to gather together at our annual event in Fish Creek.

We Need Your Support More Than Ever! Calgary is an amazing city that has an incredible spirit of togetherness in times of hardship and crisis – thank you for helping us be a source of comfort and care for people during illness and after a death.

Sincerely,

Fiona McColl, the Hospice Calgary Board of Directors, and our entire staff team
