

Masks

- **All visitors must wear a mask** in all indoor areas of the building. Masks may be removed in private areas when eating/drinking and to help facilitate communication with patients
- **Masks must be worn at all times** when staff/physicians/volunteers are in the room

Visitation Guidelines

- **All visits are limited to the patient room, library, chapel, or outdoors**
- **Patients who are not on isolation are allowed to go on off site passes** following our regular pass protocols
- **We may need to limit the number of visitors in the room** while staff, physicians, and volunteers are providing assessments and care to ensure we are able to maintain physical distancing

Health Screening Forms

- **All visitors must complete a health screening form** each time they visit. This may mean that multiple screening forms are completed in a day
- Tracking forms with name, date, time in/out, and contact number will be completed for all visitors. These are kept on file for 4 weeks
- We do not need to do a tracking form or record name & contact info for visitors who do not enter the hospice

Environmental Cleaning Requirements

- **Enhanced cleaning of all high touch surfaces is completed twice a day** in all common areas of the hospice

Quarantine, Testing and Vaccination Requirements

- **Newly admitted patients must remain on isolation with contact and droplet precautions until they receive a negative COVID-19 test.** The swab must be taken within 24 – 48 hours of admission
- **All patients with new symptoms must be isolated** and swabbed regardless of their vaccination status
- **It is strongly recommended that all visitors to Rosedale Hospice be fully vaccinated**
- **All Hospice Calgary Staff, Physicians, Volunteers, and Contracted Service Providers who work onsite at Rosedale Hospice are required to be fully immunized for COVID-19 by October 31, 2021**
