

Masks

- **All visitors must wear a mask** in common areas and when staff/physicians/volunteers are in the room
- **Masks are not required for outdoor visits**

Visitation Guidelines

- **All visits are limited to the patient room, library, chapel or outdoors**
- **There are no restrictions on how many people can visit at a time**
- **Patients who are not on isolation are allowed to go on off site passes** following our regular pass protocols

Health Screening Forms

- **All visitors must complete a health screening form** each time they visit. This may mean that multiple screening forms are completed in a day.
- Tracking forms with name, date, time in/out, and contact number will be completed for all visitors. These are kept on file for 4 weeks.
- We do not need to do a tracking form or record name & contact info for visitors who do not enter the hospice

Environmental Cleaning Requirements

- **Enhanced cleaning of all high touch surfaces is completed twice a day** in all common areas of the hospice

Quarantine & Testing Requirements

- Newly admitted patients who are **unvaccinated may need to quarantine** if coming from a high risk environment with potential COVID-19 exposure, patients who are **vaccinated do not routinely need to quarantine/isolate**
- **All new admissions will be screened** for symptoms and have temperature checks twice a day for the first 14 days
- **All patients with new symptoms must still be isolated** and swabbed regardless of their vaccination status
