COMMUNITY REPORT 2024/25

Our Mission

To help people find hope and well-being through the provision of compassionate support and exceptional care during advanced illness, end-of-life, and grief.

Our Vision

People of all ages can live well in their unique experience through illness, death, and grief.

Land Acknowledgment

We formally recognize the unique and enduring relationship between this land and the Indigenous Peoples of this place. Because of this relationship, we have this land to gather on in the way that we do today. In the spirit of reconciliation, we invite you to reflect on what it means to acknowledge that we live, work and play on the traditional territories of the Blackfoot Confederacy (Siksika, Kainai, Piikani), the Tsuut'ina, the Îyâxe Nakoda Nations, the Métis Nation (Region 3), and all people who make their homes in the Treaty 7 region of Southern Alberta.

Sometimes, it is hard to articulate all that goes on in a week at Hospice Calgary. Catherine, Nurse Clinician at Rosedale Hospice, shares, *"I stand in awe of how so much can happen in the work we do. The work is hard. We can bear witness to tremendous suffering and moments of painful grief. We can also bear witness to moments of tender love, laughter, and the good work of our colleagues and volunteers."*

It's an honour to serve as leaders of Hospice Calgary, working alongside the board, volunteers, donors, and incredible staff who show up every day to **witness, guide, and care** for our community.

It's not the work of Hospice Calgary to make people's grief smaller. Our job is to acknowledge, validate, and normalize it. It is our work to support people as they grow around their grief, welcoming sadness and pain to live alongside joy and the call of life.

Please join us in acknowledging the courage of those who access our services. As we walk with people through their illness and grief journeys, their stories contribute to a collective wisdom that will be shared with those yet to come. That is the power of community.
